 Met Standard 2014-2015

CLEAR CREEK INDEPENDENT SCHOOL DISTRICT embraces 120 square miles in Southern Harris County and Northern Galveston County. CCISD serves a population of more than 115,000 citizens. Clear Springs rests on the outskirts of League City, a middle to upper-middle class suburban city. The educational background of the residents of League City varies with the majority of parents having some post-secondary education.

CLEAR SPRINGS HIGH SCHOOL, the fourth comprehensive high school campus in Clear Creek Independent School District, is committed to meet the needs of students through high expectations in academics, athletics, fine arts, and all other student extra-curricular activities. The 465,000 square foot building is designed to promote our vision of creating a personalized and positive learning environment for all students on a large campus.

CURRICULUM: Clear Springs students have almost 300 courses from which to choose to prepare themselves for college, university, technical school or a career. Courses are offered at a regular level of study as well as an advanced level. Regular courses are the courses in which the greatest portion of the study body enrolls. Advanced Academic, Pre-Advanced Placement, and Advanced Placement courses are advanced level classes that provide students more concentrated study in a particular field.

CSHS Mission
The mission of Clear Springs High School, the beacon of innovative learning, is to cultivate self-direction, confidence, and commitment to excellence by instilling uncompromising character, a strong work ethic, and meaningful relationships.

CSHS
 Character, Honor, Strength, Success

RANK IN CLASS

Rank in class is based upon the grade point average. Rank is determined by dividing the total number of grade points earned by the total number of semester units attempted, resulting in a maximum of 6.0. In case of ties in rank, those students who are tied are given the same rank, one position below the next highest student. The student next below those tied is given a rank determined by the total number of students whose average exceeds his/her.

Grade Scale

- A = 90-100
- B = 80-89
- C = 70-79
- F = 0-69
